

## **JOSEPH E. MOORE, ASSOCIATE AIA**

---

Associate, *Gerald McDonnell & Associates Architects PC*

*"I am interested in how dynamic relationships in contemporary artistic and architectural identity emerge through abstract concepts and the human imagination. I approach architecture from a perspective that builds on pre-reflective experiences to create meaningful relationships between people, the built environment, and larger ecologies."*

### **EDUCATION**

*University of Oregon, Bachelor of Architecture, 2007. Terminal Studio "Columbia Springs Environmental Education Center" (2007), International Study in Rome, Italy (2004).*

*University of Oregon, Robert D. Clark Honors College, 2007 – Thesis defended with Honors; "POROUS PLACES: Imaginative Architectures of Embodied Experience"*
